Progress Report

NAINWA WELFARE TRUST

Syeda Fatima-Tu-Zahra Hospital

Progress Report 2020 - 2021

Introduction

District Bhakkar is situated in the west of the Punjab and the inhabitants of the District are facing lack of educational and health facilities, although the land of the area is fertile but due the lack of capacity and resources people cannot avail better livelihoods. Moreover, the District consists of scattered population that's why it is difficult for Government to provide facilities. The inhabitants of the area are caring and help each other.

Some landlords are also active to do welfare work among those Sadiq Ali S/O Shareef Hussain Chitrani is also an icon. Sadiq Ali S/O Shareef Hussain Chitrani and his friends always put their efforts to give relief to the inhabitants of the area to get possible facilities for health and education. After a long time of social work as in individual capacity they decide to work in group and to register trust. Which name was suggesting a Nainwa Welfare Trust

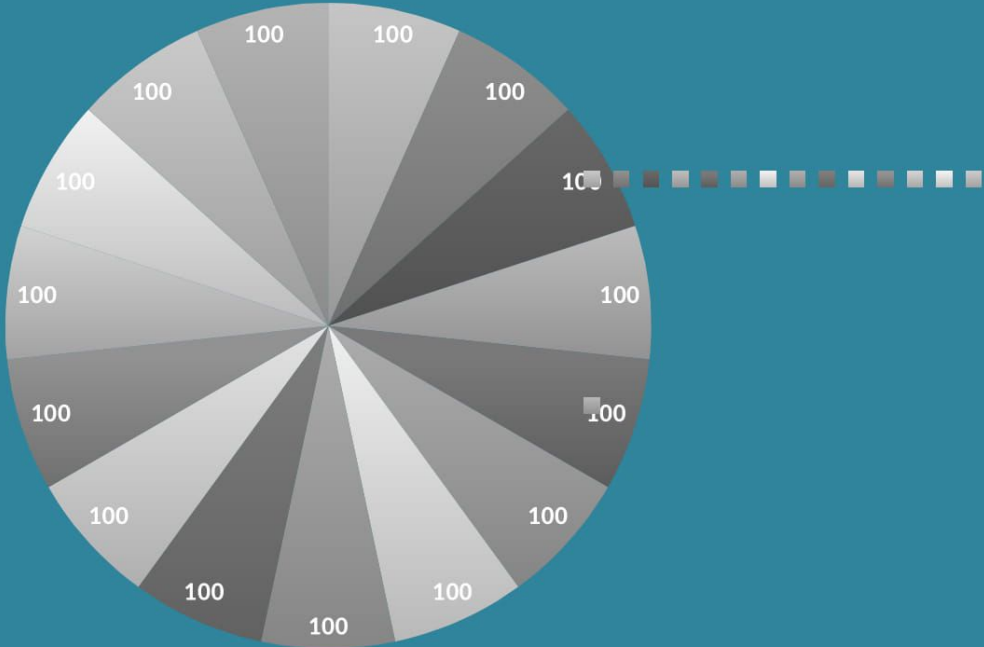

NAINWA WELFARE is a non-profit, non-governmental Trust. Due to government ban some problems were facing to adopt the registration. But the Nainwa welfare Trust works with rural and urban communities to provide humanitarian relief, improve health, education, economic conditions, capacity building and social development in remote and disaster-prone areas.

Board of Governes members are very hard worker. Every Member plays the role with honesty. Purchase Committee and Audit committee are purchase all the construction material according to SOP and Engineering Standard.

In the 2020 86.33% was completed of the total construction work of the hospital project. The total construction work progress for the year15 August 2020 is 13.67% and 100% completed of the total construction work of the hospital project till Oct, 2020. The construction work progress more precisely depicted through graphically analysis as under:-

Syeda Fatima-Tu- Zahra Trust Hospital Progress Chart
